War And Genocide: A Concise History Of The Holocaust (Critical Issues In World And International History)

Synopsis

In examining one of the defining events of the twentieth century, Doris L. Bergen situates the Holocaust in its historical, political, social, cultural, and military contexts. Unlike many other treatments of the Holocaust, this revised, third edition discusses not only the persecution of the Jews, but also other segments of society victimized by the Nazis: Roma, homosexuals, Poles, Soviet POWs, the disabled, and other groups deemed undesirable. In clear and eloquent prose, Bergen explores the two interconnected goals that drove the Nazi German program of conquest and genocideâ"purification of the so-called Aryan race and expansion of its living spaceâ"and discusses how these goals affected the course of World War II. Including firsthand accounts from perpetrators, victims, and eyewitnesses, her book is immediate, human, and eminently readable.

Book Information

Series: Critical Issues in World and International History

Customer Reviews

An absolutely fantastic recounting of the history of one of history's worst atrocities. Aptly written and unflinching in many respects, this should be required reading for courses in Holocaust and world history.

Excellent book
