The Professional Practice Of Rehabilitation Counseling

Synopsis

Based on the Handbook of Rehabilitation Counseling (Rigger/Maki 2004), this new volume has been completely revised and updated to accommodate the overarching changes that have recently occurred in the field. It reflects the new, accepted definition of rehabilitation counseling as a specialization within the field of counseling and demonstrates how the knowledge, skills and attitudes of rehabilitation counseling complement those of mental health counseling.

A staple book for rehabilitation counsellors. Dr. Tarvydas is a leader in ethical practice in rehabilitation and she draws on the expertise of others to bring together a book that is current and relevant to counsellors, educators, and researchers.
