Synopsis

Employment Law (Update) Employees within companies often are not aware of their rights and responsibilities, unprepared employers may face lawsuits if they don't follow federal employment laws, and both will need the guidance of a knowledgeable attorney. Our popular three-panel guide is the perfect resource to keep law students and practicing attorneys up to date. The newly updated version features recent examples and precedents, and color-coded sections examine the most important elements of employment law in detail to make sure both employees' and employer's rights are represented under the law.

Customer Reviews

It won't teach you the entirety of Employment Law, but it does cover the main points and is good for a review and refresher tool come time for finals.

just what i expected, and fast delivery!

The information is very resourceful and direct. For this reason I would rate it at 5. However I can't read it unless I have a literal magnifying glass.

I'm in HR. I keep this on my desk. Great resource.
