# PHR / SPHR Exam Study Guide 2016: Test Prep For The PHR/SPHR Professional In Human Resources Certification Exam

## Synopsis

Think all PHR/SPHR study guides are the same? Think again! With easy to understand lessons and practice test questions designed to maximize your score, you'll be ready. You don't want to waste time - and money! - retaking an exam. You want to accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the PHR/SPHR test but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the Professional in Human Resources Certification test...and they get a variety of results. Trivium Test Prep's PHR/SPHR exam study guide provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the PHR/SPHR exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our Professional in Human Resources Certification Exam study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and have fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; PHR/SPHR questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package. PHR/SPHR Test Prep book that brings the heat PHR/SPHR Exam study guide that is new standard PHR/SPHR Exam prep that helps you dominate the competition PHR/SPHR Study manual that raises the bar PHR/SPHR Review book that will help you win PHR/SPHR Practice test questions that are similar to what you will see on test day PHR/SPHR Study guide 2015-2016-2017 that you need to help you ace your exam and get your certification

## Customer Reviews

This is an extremely helpful study exam by Trivium. This is for the PHR/SPHR exam. There are practice tests, study guides, hint and tips, and it leads you to be able to find the answer easily. This guide is made so anyone can easily understand it, and help make sure that you pass your exam successfully. Trivium has really put together a great style and format of learning to help you pass your exam. I received this product at full discount in exchange for an honest review, and to sum it all up, you will pass your test with this guide, the book is just there for you every step of the way and the technique is comprehensive. I love it. Thank you Trivium. The guide will help break things down for you so they are easy to understand and then, give you the proper practice tests so you are fully prepared to pass your exam on the first try. This guide will give you all the knowledge you need and then some. I love how many different ways that they will use examples in, so no matter what you are likely to understand and comprehend all of the information in the practice quizzes. The quizzes are fantastic and you can just keep retaking them because you always have them in your book to reference to. You have all the right information in one spot, instead of having to search for multiple sources.

This is an outstanding book. I am sitting for the SPHR and I have the SHRM books for 2015. I wanted to make sure if there was anything else in 2016 that I didn't miss it. One of my colleagues recommended this book. It is so much shorter than the other SHRM books. I love how concise and easy to understand this is. I was thrilled when I saw the practice test at the end. It took me about 10 hours to read the book, but for me it is more of a refresher anyway. I am pleased with this purchase and I do think that this will help me pass the test. I am a consumer and purchased this product at a discounted rate in exchange for my honest opinion and feedback of this item.

I'm studying for my certification and found this book to be very helpful and similar to my other resources in terms of questions and content. The thing I liked most is that this is concise and easy

to follow. If you are looking for a book to help you pass this is it.

I read the entire book in 4 hours, it's pretty simple to read and at the end of the book it has a pretty complete practice test. Don't use this as your main study guide, this is perfect for a review, but it's very condensed and not all the info is there. I used this book as a review one day prior my test and it worked!

I am a certified Professional in Human Resources (PHR). I did not use this PHR exam guide to prep for the exam and I would not recommend it as your sole study resource for the exam. It provides a practice test and covers a lot of the key topics that may appear on the exam but only gives you a broad understanding of the concepts. The PHR exam forces you to take detailed information you know about a given topic and apply it to situations. In my opinion, the study guide will not provide enough information for someone to apply these concepts on the exam. However, it is a good resource to review information if you need to brush up on some things. I received this product at a discounted rate or for free in exchange for an honest and unbiased review. I wrote this review based on my own opinion of the product after considerable use. Any words, photos, or videos I have posted to complete this review are my personal opinion and views, which have not been impacted by the discount I received to provide a review. I hope this review helps you make an informed purchasing decision.

I have purchased many books by Trivium and i have never been disappointed. And this time is no different, Trivium seems to have a book for everything and they are so easy to read and even easier to follow along. I have read many study guides and they always seem to try and cram information into as little pages as possible and at the end of the book i always feel like i learned nothing from them. I was refreshed after reading this book because at the end i truly feel like i retained the information. The books are written in a way in which it is extremely easy to follow and its broken into easy to follow sections. I like how a practice test is included in all their books so you can test your knowledge when all is said and done. The books are fairly priced for what you are getting and what you are taking from them. I love these books. I received this book at a discounted rate in exchange for a review. All thoughts expressed are my own honest opinions.

I have been reading this PHR / SPHR Exam Study Guide 2016 for a few weeks. I feel it will help me in my quest to pass the SPHR exam. Good information and content, pretty well written and easy to

follow. I received this product at a discount in exchange for my unbiased review.

I have started reading this and so far think it is very informative and to the point. I like that it is only 100pages and very easy to read, It is divided into 6 sections which really help break up the content. I plan on reading this over a weeks period when I can fit it into my schedule. I like that it has a test at the end of the book to test your knowledge. If this is anything like the actual test, it should be a piece of cake after reading this book. I did receive this item at a discount, but these are my honest opinions.
