About Accepted, Inc. Accepted, Inc. is an independent test prep study guide company that produces and prints all of our books right here in the USA. Our dedicated professionals know how people think and learn, and have created our ATI TEAS Version 6 book based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our TEAS 6 test prep manual is specifically tailored for your exact needs. Our goal here at Accepted, Inc. is to help you: Study Smarter; Weâ€™ve eliminated the filler; and fluff; you see in a lot of mass-market guides, allowing you to have more effective study time. Score Higher; We exclusively work with tutors, teachers, and field experts to write our books. This ensures you get the tips, takeaways, and test secrets that a one-on-one tutoring experience provides. Unlike a tutoring session, however, our books enable you to prepare for your exam on your own schedule at a fraction of the cost. and Get Accepted! We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

Customer Reviews

[Disclaimer: I received this product for free in exchange for my honest review of the product. This has, in absolutely no way whatsoever, affected my review of the product, nor has it swayed my opinion of the product or its value. Also, whenever I talk about the value or worth of a product, I am taking into account the actual, full price of the product -- not the free or reduced price that I paid for it.]This is a great guide. I have absolutely no complaints with it. I work for an educational non-profit TRIO program, and a huge part of my job is helping students prepare for college and college exams. The TEAS exam is a very popular exam among students in my program. We have quite a few nurses in training here in Alabama (as I am sure they do everywhere else as well). But yes, we have a lot of students who are preparing to take the TEAS exam. I got this book for them to use, and I have been very pleased with the results. The guide covers the vast majority of the material that the student is expected to know in order to successfully complete the TEAS test. There are clearly labeled and organized sections on reading, mathematics, English and language usage, and science. Each one of the sections is very comprehensive and has GREAT information in it. I found the mathematics and English and language usage sections to be particularly useful and well written. The end of the guide also has a "Test Your Knowledge" type of section, which is basically just a section with two practice tests in it, and let me tell you, these practice tests are awesome. I have proctored the TEAS exam several times, and I know quite a bit about the kinds of questions that can be found on that test. These practice tests are just like miniature versions of the TEAS exam.
