this book was not what i was expecting, It was all basic stuff that a man and woman say to each other when in the mood, this might appeal to someone of the younger generation, but someone older it is old news, some of them were so out dated they did not even make sense. so if you are looking to say the words to get the spouse hot and you are older this is not the book for you.

Haha, that book is something really unusual and interesting. I have studied some good phrases

What this doesn't tell you is that it is a how to book for women to talk dirty to men. I bought this for ideas on how to talk dirty to my wife. Wish I could get a refund.
