SuperVision And Instructional Leadership: A Developmental Approach (9th Edition) (Allyn & Bacon Educational Leadership)

Synopsis

Note: This is the bound book only and does not include access to the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with a bound book, use ISBN 0133388506. This leading text's emphasis on school culture, teachers as adult learners, developmental leadership, democratic education, and collegial supervision has helped redefine the meaning of supervision and instructional leadership for both scholars and practitioners. The Ninth Edition maintains its comprehensive approach to supervision and instructional leadership and presents new and engaging material throughout. Chapters on knowledge, interpersonal skills, technical skills, technical tasks, and cultural tasks for successful supervision and instructional leadership are included, and the authors emphasize the importance of collegiality, understanding adult learning and development, reflective inquiry, democracy, addressing diversity, the change process, and community building. This is a resource that students purchase, use in class, and reference throughout their careers as educational leaders. The Enhanced Pearson eText features embedded video. Improve mastery and retention with the Enhanced Pearson eText* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.* Affordable. The Enhanced Pearson eText may be purchased stand-alone or with a loose-leaf version of the text for 40-65% less than a print bound book. * The Enhanced eText features are only available in the Pearson eText format. They are not available in third-party eTexts or downloads. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.

Customer Reviews

I would recommend this textbook as it take a novel approach to teacher supervision. It was a required textbook for a class I was taking. I got an "A" in that class so I would have to give some credit to the textbook! I will also note that the price for this book at was about half that charged at the university bookshop! I would recommend ordering any textbook from rather than buying it at a local university bookshop!

I recommend this book for anyone completing their Administration degree. It is well written and gives great and useful real life situations that are applicable.

Read this book if you plan on being an administrator! Most valuable resource to me throughout my graduate school and years working as a teacher.

It is just the book without the spine binding... for \$30 cheaper, this is a great deal, plus you get the extra online stuff :D

The text is useful and interesting. I am using it in a graduate class where the professor is well aquited with it. We read selected chapters that are related to the supervisroy area we are studying. It imparts knowledge and opens discussions.

It has a lot of information in it but usually you do not get to cover everything for the class. It has very beneficial information that is helpful for supervisors or those preparing for supervising or leading positions. you should keep it for future references. It has many different methods for dealing with hard to deal people. Good book.

I am truly amazed at the things I find on .com. My husband needed this textbook ASAP, and I

searched several "book stores" before I realized I could find it at .com -- at a much lower price than any others I had seen, and as a "Prime" member, we had it in two days! Amazing!

Required for a class. Very poorly written book. Seems like the author wanted to try to use a lot of words and a lot of big words unnecessarily. Many times had to read a section multiple times to try to figure out what was being said. Book offered many case studies, but sometimes no definition or explanation of the concept. Book was incredibly overpriced for what you got. Pages were not glossy, nor was there color (things that normally justify a higher priced book).
