If you are a literature student or would like to learn about the Victorian Age in English literature, this volume is a perfect introduction to increase your understanding, inspire further study, and simply enjoy.

I was required to order this book for an English class, and I understand why the professor chose this edition. It provides an unique overview of the time period, is informative and well organized.

Great anthology! This is a great starter edition for anyone that is interested in studying British literature.

Volume E is part of the standard English literature anthologies published by Norton.

Great copy! The Victorian period was amazing to read!

Great collection of literature

Great

I ordered this book new and got it horribly crooked and bent all over the spine throughout the book. And I paid extra to get it shipped quickly. I am very dissatisfied with my purchase.
