# ASE Test Preparation- A7 Heating And Air Conditioning

## Synopsis

Technicians seeking certification in any one of the automotive ASE exam areas will benefit from the valuable preparation offered by this newly revised package of test preparation booklets. Each title in this popular series features the most up-to-date ASE task list available, along with practice test questions like those typically seen on an ASE certification exam to help users feel more comfortable and prepared to pass the actual test. Comprehensive coverage includes overviews of each task list topic, including descriptions of the actual repair procedure being discussed, plus ASE test taking strategies and detailed explanations as to why a particular answer is correct or incorrect.

## Book Information

Series: Test Preparation

Paperback: 128 pages

Publisher: Cengage Learning; 4 edition (February 22, 2006)

Language: English

ISBN-10: 1418038849

ISBN-13: 978-1418038847

Product Dimensions: 8.5 x 0.3 x 11 inches

Shipping Weight: 9.6 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 starsÂ  See all reviewsÂ (4 customer reviews)

Best Sellers Rank: #338,956 in Books (See Top 100 in Books) #4 inÂ Books > Engineering & Transportation > Automotive > Repair & Maintenance > Air Conditioning & Heating #64 inÂ Books > Engineering & Transportation > Automotive > Repair & Maintenance > Testing & Certification #95 inÂ Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Heating, Ventilation & Air Conditioning

## Customer Reviews

The A/C series was better than the other test prep guides but not by much. I'm going to write the same review for all three of the ASE Test Prep guides I purchased. To be honest, I'm not very impressed. I'm used to the study guides for the FAA flight tests which are generally excellent from everyone. These had typos in the questions. One question even said to refer to a diagram which they forgot to print! I also found several mistakes in their subject matter in the study section. I think they are an aid and do help with the preparation but they publisher could have done a much better job especially for the price.

It's a great resource, easy to read through, easy to carry, provides great value for the \$\$ and I feel more confident in taking the upcoming ASE. I saw these are available in Spanish too. Some of my coworkers might find preparation easier because of the language conversion.

Excellent study guide. Helped me and several other techs get ready for the ASE test.

Very informative. Great for studying!
