Customer Reviews

Has some great resources, but most of the practice questions aren't really what you'd see on the AP exam. Not enough of the multiple-choice questions are based on the source they're meant to be referring to; there will be a source and then a set of questions, none of which refer directly to the excerpt. Also some of the excerpts are much longer than those found on the AP exam.

Recommended by student who used last year and said was very helpful for the AP test taken May 2016. Hopefully we will have the same success

Absolutely great. Read like an interesting textbook and helped all my classmates receive 5s.

Received as per my expectations
