MCAT 528: Advanced Prep For Advanced Students (Kaplan Test Prep)

Synopsis

More people get into medical school with a Kaplan MCAT course than all major courses combined. Now the same results are available with Kaplan's MCAT 528. This book features thorough subject review, more questions than any competitor, and the highest-yield questions available. The commentary and instruction come directly from Kaplan MCAT experts and include targeted focus on the most-tested concepts.

MCAT 528 offers:

- UNPARALLELED MCAT KNOWLEDGE:** The Kaplan MCAT team has spent years studying every MCAT-related document available. In conjunction with our expert psychometricians, the Kaplan team is able to ensure the accuracy and realism of our practice materials.
- THOROUGH SUBJECT REVIEW:** Written by top-rated, award-winning Kaplan instructors, all material has been vetted by editors with advanced science degrees and by a medical doctor.
- EXPANDED CONTENT THROUGHOUT:** As the MCAT has continued to develop, this book has been updated continuously to match the AAMC's guidelines precisely—no more worrying if your prep is comprehensive!
- 5-STAR RATINGS • FOR EVERY SUBJECT:** New for the 3rd Edition of MCAT 528, every topic is assigned a 5-star rating—informative by Kaplan's decades of MCAT experience and facts straight from the testmaker—of how important it will be to your score on the real exam.
- MORE PRACTICE THAN THE COMPETITION:** With 500+ questions throughout the book and access to a full-length practice test online, MCAT 528 has more practice than any other advanced MCAT book on the market.
- ONLINE COMPANION:** One practice test and additional online resources help augment content studying. The MCAT is a computer-based test, so practicing in the same format as Test Day is key.
- KAPLAN'S MCAT REPUTATION:** Kaplan is a leader in the MCAT prep market, and twice as many doctors prepared for the MCAT with Kaplan than with any other course.
- UTILITY:** MCAT 528 can be used alone or with the other companion books in Kaplan's MCAT Review series.

* Doctors refers to US MDs who were licensed between 2001-2010 and used a fee-based course to prepare for the MCAT. The AlphaDetail, Inc. online study for Kaplan was conducted between Nov. 10 - Dec. 9, 2010 among 763 US licensed MDs, of whom 462 took the MCAT and used a fee-based course to prepare for it.

Customer Reviews

The material classification for this book is taken almost word-for-word from the AAMC MCAT Exam Content

Description:https://aamc-orange.global.ssl.fastly.net/production/media/filer_public/f8/bc/f8bcec72-4ac3-4e5a-8c27-631d2096c569/combined_mcat-content_new.pdf Save your money and go to that link instead. This book has some helpful practice passages, but not worth the money if you're studying out of books with passages.

Awesome product. Cannot wait to get started studying!

not really worth it if you're looking for practice
