Love Must Be Tough: New Hope For Marriages In Crisis

Synopsis

You've forgiven a thousand times. You've bent over backwards to make your partner feel loved and accepted. But the only reward for your loyalty has been anger, indifference, infidelity, or abuse. Your spouse may even be ready to walk out the door. Do you feel like all is lost? Are you ready to give up? There IS still hope. Dr. James Dobson's *Love Must Be Tough* principles have proven to be uniquely valuable and effective. Unlike most approaches to marriage crisis, the strategy in this groundbreaking classic does not require the willing cooperation of both spouses. *Love Must Be Tough* offers the guidance that gives you the best chance of rekindling romance, renewing your relationship, and drawing your partner back into your arms.

I was going through a terrible time in my marriage and my wife had left me and I did not know what to do. My wife said that she did not love me anymore and she did not think she could ever love me again. I was desperate and had tried everything imaginable to save my marriage. I read every e-book online and spent lots of money on so-called experts and prayed and pleaded with God to do anything to save my marriage. Then, as a last ditch effort, I purchased a used copy of this nearly 20-year-old book. After reading this book and applying the advice given by Dr. James Dobson, my marriage turned around completely. Within a week of reading this book my wife had moved back with me and we were once again working on the marriage. It is a practical and effective book with tried and true wisdom that goes to the heart of the matter with your marriage. If you feel like you have tried everything or even if you have not tried everything but are desperate to save your

marriage, do not waste one more moment and buy this book. I have absolutely no financial incentive to encourage you to buy this book. I do not know the author personally or otherwise and my only interest is passing along the great benefit I have received in reading this book. The advice will be counter-intuitive to what you may be thinking but trust the advice and apply it in your marriage and watch as things begin to change. I was amazed at how quickly I started to see results. When I first got the book I was a little skeptical because it was published nearly 20 years ago and I doubted whether or not it would be relevant. Dr.
